0 Statement

A doctor I work with once told me that, in healthcare systems around the world, the issue is often **not** a lack of skill or compassion—it's that *the systems simply don't scale*. Many people genuinely want to serve, but demand is overwhelming and they must do more with less.

I believe there is great power in **technology** to extend our ability to impart compassion and serve others with our work, and I dream to do this as I pursue neuroscience and health!

1 Assisting Healthcare-technology Product Development

INTERN & Quality Assurance Tester, *Autochart.ai @ Aya Health Technologies*

(June 2024 — Present)

- Conduct weekly Q/A testing and feedback generation of AI scribe (create physician encounter notes from live conversations), voice assistant, and patient management software, on Web, iOS, Android
- Work closely with developers and physician-leads, Dr. Ali Okhowat and Dr. Tim Foggin
 - Contribute to idea brainstorming and vision mock-ups
- Experience with the above using Azure DevOps, Android Studio, HTML/CSS/JavaScript
- **I've seen how thoughtfully designed AI tools—encounter scribing, voice agents, and telehealth workflows—can reduce friction in patient data flow and ease burden on clinical staff, ultimately amplifying care capacity!**

2 Supporting Adolescent Physical & Mental Health

COACH—Afterschool & Camp Athletics @ Moresports BC (paid)

(February 2025 — August 2025)

- Teach after-school programs of sports, drills, skills to boost physical literacy in youth
- Role model of inclusive leader and trusted figure who can adapt to kids' unique needs' for best enjoyment, challenge, and growth in sport
- Serve at various elementary schools around SD43 district (afterschool/Spring programs)

CO-FOUNDER—Team Talons Athletic Program @ School District 43, Coquitlam

(September 2023 — June 2024)

- Conceived innovative district-wide SD43 afterschool sports program running at 3 elementary schools with 40 students each, spanning 3 terms, totalling 200 students!
- Aimed to: boost mental and physical health of children after the COVID-19 pandemic

3 Initiative, Organizational Ability, Collaboration & Resilience

CO-FOUNDER—The Blue Shed Project, PODCAST @ Port Coquitlam, Coquitlam, Port Moody, Gleneagle Secondary School

(September 2024 — June 2025)

- Created collaborative podcasts with local homelessness outreach organizations:
 - Hope for Freedom Society, The Uplifting Group, and Mr. Jeremy Johnson (head Homelessness & Housing Task Group); raise awareness across the Tri-Cities

- Aim to: foster empathy and combat the stigma facing homeless people by spreading their deeply human stories; publicized on [Tri-City News](#)
- 30,000 views to date on various media: Instagram, YouTube, Spotify

VOLUNTEER INTERN @ Bonne Vie Medical Clinic

(June 2024 — August 2025, Total: 158 hrs)

- Front desk and on-the-go support: was the critical “link” between health professionals and patients during staffing shortage, and when manager became sick
- I learned ad hoc everything the doctors needed: check-in and attend to patients; schedule appointments; process labs and faxes via phone and EHR; measure and take samples for LifeLabs; measuring newborns and greeting parents...

TEAM LEAD—Hospital Volunteer, Surgical Day Care & VolunTeen @ Eagle Ridge Hospital

(November 2023 — August 2025, Total: 187 hrs)

- Support hospital logistics and Emergency Room Nutritional Cart, supporting patients
- Team Lead: train new volunteers to the hospital, foster and build spirit in team of four
- Surgical Day Care: assist nurses with patients out of surgery, family; sanitize care zones
